NEW "Create-A-Headrest" PROGRAM

Create your own custom headrest applications for vehicles we don't offer. It's Easy if you follow these simple steps:

1. Measure the vehicles headrest post diameter and on-center spacing in millimeters. Locate the headrest post part # from the App Guid
2. Use the Rosen material swatch ring (free for the asking) and determine the color needed. Shapes vary and may be different than your application
3. Order the appropriate color AV system kit or HK headrest foam kit AND the corresponding posts for your vehicle application. **ORDER 2 PER KIT!**
4. When you receive your headrests and posts check fit the posts into your vehicle. If correct, install onto the headrests (Approx. 3 min per headrest)

NOTE: Post notches may be different than your application. Look at where the notches are (Left Inside/Outside, Right Inside/Outside).

PLEASE READ BEFORE ORDERING:

1. Modifying the headrest cover for the new post width makes the modified headrests non-returnable
2. Posts removed from original headrest are non-returnable
